## --- “Series of 1971” - 1½ Ounces - “The Maple Leaf” - *imperforate* - 22 x 42 mm. ---

### --- used by Import Licensee # 158 ( “Poul Petersen”, Horsens, Denmark ) - 1970-74 ---

Import Licensee # **158** was using **RN-302**, the imperforate, “Series of 1971” by 1971. Their coding was in red ink using ordinary 1½ mm. thin fractional Gothic numbers.

**RN-302** - 1½ ounces, *imperforate*, coded **158** 6 / 71 by Import Licensee # **158**, from June 1971

| [ RN-302 ] | Jan. | Feb. | Mar. | Apr. | May | June | July | Aug. | Sep. | Oct. | Nov. | Dec. |

Import Licensee # **158** cancellations for the “Series of 1971” on the imperforate, 1½ ounce stamp appear to follow, and to complete, the cancellations used by **# 158** on the 1/9th pound *new design* Series “C”.

Actually 1½ ounces is a closer match to 2/21st pounds ( 1.52 oz. ) than to 1/9th pounds ( which is 1.77 oz. ), and thus in switching from 1/9th pounds to 1½ ounces Import Licensee # **158** was decreasing their package size.
